

HEEL INSERTS

Foot Protection

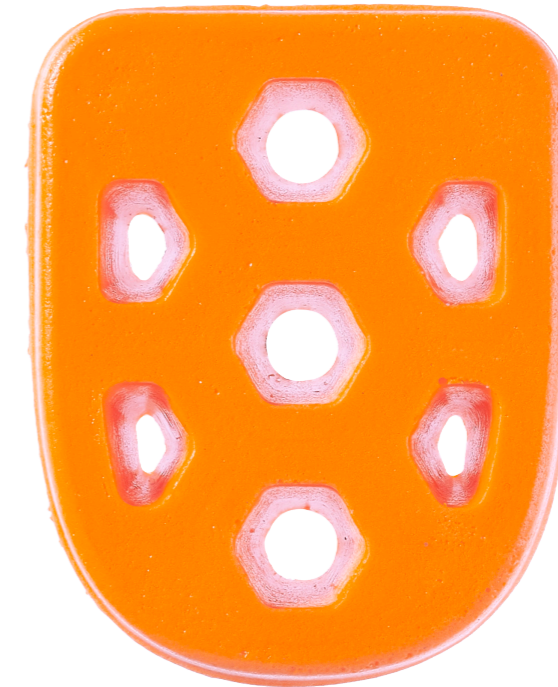

Mitigate Fear. Prevent Injury.

D3O's dilatant materials are designed to absorb and dissipate energy in response to blunt force impact.

D3O® heel inserts give both long term cushioning and shock attenuation. This underfoot solution offers easy integration of D3O® technology into midsoles.

Product Features

- D3O® patented technology
- Long-lasting D3O® DeCell material
- Optimised profile
- Easy Integration
- Perforated and standard geometry options available
- Multiple sizes and thicknesses
