

GHOST™ Compact

Level 1 Limb Protection

Mitigate Fear. Prevent Injury.

D3O's dilatant materials are designed to absorb and dissipate energy in response to blunt force impact.

Designed as fit and forget armour, D3O® Ghost™ is made with revolutionary D3O® Impact Print™ technology which allows for unrivalled freedom of movement.

The thinnest, most flexible limb protection technology, D3O® Ghost™, is now available in a compact format. Ideal for those wanting a smaller pad due to smaller limb size or the need for increased freedom of movement, including women, youth or mountain bikers.

Product Features

- D3O® patented technology
- Market-leading flexibility, with geometry which conforms to the limb, fitting perfectly against the body
- Superior breathability and low-profile design
- Temperature stable
- Certified to exceed performance requirements of EN 1621-1:2012 (Level 1) in ambient and wet
- Type A coverage
- UKCA certified
- Simple integration into garments – can be pocketed, stitched or attached via hook loop space
- Product orientation depends on user preference, fabric facing outward ensures reduced read-through
