

GHOST™

Level 1 Chest Protection

Mitigate Fear. Prevent Injury.

D3O's materials are designed to absorb and dissipate energy in response to blunt force impact.

The D3O® Ghost™ Chest Protector is the thinnest, most breathable option on the market. It combines a highly flexible, open Impact Print™ geometry with lycra fabric backing, enabling riders to move like never before.

Fully certified to CE Level 1, with additional rib protection through a winged, tapered design. Nothing comes close to the Ghost™ Chest when it comes to safety & comfort on two wheels. Stay out riding for longer with fit and forget Ghost™ Chest armour.

Product Features

- Unmatched flex & freedom of movement
- Ultimate breathability & airflow
- Tapered, winged design optimises weight
- Certified to exceed performance requirements of EN 16213:2018 & UKCA standards
- Type A coverage
- Temperature stable
- Multiple integration options
- Retrofittable into D3O® CP1 garments
- Fabric side sits against the body
- Available in full chest or divided chest

*The protector has been deemed as suitable for use in snow sports when worn in close proximity to the body, either as part of a base layer or first layer, and not as part of the outermost layer.
