

ZERO™

Sheets

Mitigate Fear. Prevent Injury.

D3O's materials are designed to absorb and dissipate energy in response to blunt force impact.

D3O Zero is the first recycled grade D3O material, offering maximum impact protection, while working towards zero waste. Created by recycling surplus material from D3O factories and available in skived sheet formats, D3O Zero is suitable for use in multiple protection applications.

Product Features

- Suitable for low impact and shock energies
- Available in low and mid densities and 2, 4, 6, 8 and 10mm thicknesses
